

JA-114E-GR Bus Access Module with display, keypad and RFID - grey

The JA-114E is an access module with LCD display, control keypad and an RFID reader to control a security system. Contains one operating segment and, if needed, can be equipped with up to 20 JA-192E control segments.

Description

The JA-114E allows simple control of the system using interlocking segments.

Communicates via the bus and is powered by it too.

The module has a power saving function.

The module is addressable and occupies one position in an alarm system. The menu allows for the easy control and management of sections, zones, PG outputs and reports on PG events.

Technical specifications

Power

from control panel digital bus (9...15 V)

Current consumption in standby mode

15 mA

Current consumption for cable selection

100 mA

Each additional control segment

0.5 mA

RFID frequency

125 kHz

Operating temperature range

-10 to +40 °C

Operational environment according to EN

50131-1 II. Indoor general

Classification

Grade 2

according to

ETSI EN 300330, EN 50131-1, EN 50131-3,

Also complies with

EN 50130-4, EN 55022, EN 60950-1

Can be operated according to

ERC REC 70-03
