### Description

The plug status is indicated by a LED indicator in the form of illuminated button according to the segment logic.

### Technical specifications

<b>Power supply</b>	110 - 230 V/50 - 60 Hz
<b>Power consumption at 230 V AC (min/max)</b>	2 W/6 W
<b>Resistive load (cos <math>\varphi</math> = 1)</b>	max. 16 A
<b>Communication frequency</b>	868.1 MHz, JABLOTRON protocol
<b>Maximum radio-frequency output (ERP)</b>	25 mW
<b>Environment</b>	indoor general
<b>Operational temperature range</b>	-10 °C to +40 °C
<b>Dimensions</b>	70 x 70 x 77.6 mm
<b>Weight</b>	105 g
